COMPILE SHELVING SYSTEM

"Storage is important because it is so universal: everybody needs good solutions. The inspiration for the Compile Shelving System was indeed the everyday storage situation. The design, with its logical construction, parallels to a certain degree an unpretentious Scandinavian lifestyle—one shelf represents one building unit while the length of the tube defines the shelf height. In this simple way one can assemble practical formations that fit individual needs—Compile should reflect and accommodate the life of which it is part."

— Cecilie Manz

Designed by	Cecilie Manz / 2016
Environment	Indoor
Country of Production	Poland
Assembly Required	Yes
Description	A contemporary take on the classic shelving system. Compile consists of a shelf and three heights of dividing tubes. Arrange the shelves and tubes as you please or order from the prearranged configurations.
Material	Powder coated steel.
Cleaning & Care	Remove dust from shelves with a soft cloth.
Additional Product Information	Compile systems should always be mounted to a wall, using wall brackets. A Compile Shelving System can hold up to 300 kg / 660 lbs. Compile Shelving Systems can be built as tall as wanted, as long as they are mounted to a wall using brackets. Muuto recommends not building Compile systems higher than 225 cm / 88.6".

With its trays made in 93% recycled plastic and lids in cork and aluminum, the Arrange Desktop Series brings a forward-thinking perspective to modern storage."

RESTORE SERIES

"I wanted for the Restore Series to have a humble character, allowing for it to easily fit into any environment. With its felt material made using fibers from recycled plastic bottles, the Restore Series has a curious and inviting expression while its corner slits bring a distinct look and added functionality to the design."

— Mika Tolvanen

Designed by	Mika Tolvanen / 2009
Environment	Indoor
Country of Production	China
Description	Made from a felt made of recycled plastic bottle fibers, the Restore Series is a functional and versatile storage unit that can be used for almost any object from laundry to blankets to children's toys. The Restore Series comes in a variety of colors and offers a textural, quirky addition to any home or professional space.
Material	The material is PET felt fibers. A percentage of the product comes from recycled plastic bottles, which are granulated, heated and blown like little fibers that are subsequently dyed. The fibers are worked together like mats, which can be pressed over heat-influenced forms that enables the material to maintain its shape.
Cleaning & Care	Vacuum. If necessary use moist cloth.

One kilo of pure new wool generates 9 kilograms of carbon dioxide when produced while processing one kilo of recycled wool only generates 0.5 kilograms of carbon dioxide. Furthermore, recycled wool has a positive environmental impact due to lessened water consumption and lower energy consumption.

These General Terms of Sale and Delivery shall supersede and suspend all previous agreements and shall apply to any agreement made between Muuto and the buyer unless otherwise agreed.

SALES AND MARKETING MATERIAL

Information supplied by Muuto regarding prices, models, dimensions, features, and specifications in catalogues, advertisements, sales or promotional literature, price lists or elsewhere is not legally binding and shall be considered for guidance only, and may be changed at any time without prior notice.

ORDERS

All orders placed by the buyer must be in writing and shall at the minimum specify the type (product number and/or name) and quantity of the products ordered as well as the requested date of delivery. The order is not binding upon Muuto unless and until Muuto has issued a written order confirmation to the buyer. Unless objections are made within 24 hours after receipt, the order confirmation is considered accepted by the buyer.

For customers on prepayment terms Muuto will start production of made-to-order products immediately when prepayment has been received.

PRICES

The present price list replaces all previous price lists and may be subject to changes at any time without prior notice. The purchase price for the products ordered by the buyer is stated in the order confirmation. Delivery and installation is not included in the purchase price. Unless otherwise agreed, quotations submitted by Muuto shall be valid and binding for 60 days after receipt.

DELIVERY

Unless otherwise agreed in writing, delivery shall be ex. works (Incoterms 2020) from the place designated by Muuto from time to time. If transportation of the products is handled by Muuto's forwarding agent on behalf of the buyer, Muuto will invoice the freight to the buyer. The products shall be sent using standard packaging. The confirmed delivery date is only an estimated delivery date and the time of delivery shall not be considered of essence. Muuto cannot be held liable for any damage or loss that the buyer may suffer as a result of a delay or a non-delivery. If no specific delivery date has been indicated in the order confirmation, Muuto, acting reasonably, is entitled to stipulate a delivery date taking into consideration the quantity and the nature of the products to be delivered.

The buyer is always obliged to inspect the products delivered upon receipt, i.e. checking that the correct type of products has been delivered, and checking that the correct quantity of the products has been delivered.

Should a delivery fail to meet the buyer's expectations, or is the delivery damaged during transportation, the buyer shall:

1. Inspect the entire delivery immediately.
2. Accept the delivery, but immediately note the damage on the freight documents by stating, "Received with reservation".
 1. If freight document does not allow for reservations, the buyer is expected to refuse the delivery.
3. Report the extent of the damages to Muuto according to the paragraph "Filing Complaints"

All bank charges are the responsibility of the buyer. All products not paid for in the full, including interest and delivery (if any), shall remain the property of Muuto. The buyer shall at all times keep such products separated from any other products held in stock, and must ensure that the products can at all times be identified by Muuto. The buyer shall be liable to Muuto for any damage to the products until they have been paid for in full as stated above. There will be a penalty interest of 2% per month when payment is made after the due date. Such interest is payable without any further notice. Prepayment of proforma invoice is required for buyers without credit. The buyer must state account number as well as the proforma invoice number on the payment.

WARRANTY AND LIMITATION OF LIABILITY

Muuto offers a warranty against defects of manufacture and materials on standard products. The warranty listed in Muuto's current pricelist shall be valid from the date of delivery provided that the products are used under normal circumstances and maintained according to guidelines. Natural variations in organic materials cannot be considered defects, and Muuto explicitly excludes itself from liability for any such variations. Muuto's warranty against defects of upholstery requires that such upholstery (fabric or leather) is included in the price list and is recommended by Muuto. Should the buyer wish to provide its own upholstery (fabric or leather), or should the buyer wish to itself process (whether by dyeing or otherwise) the upholstery provided by Muuto, Muuto's warranty lapses. Muuto cannot in any way be held responsible for materials delivered by the buyer, including the compliance of such materials with local law of the country or state to which they are delivered, irrespective of whether such materials have been upholstered or otherwise incorporated into Muuto's products by Muuto."

Unless otherwise stated in these General Terms of Sale and Delivery, Muuto is not liable to the buyer for loss of production, loss of use, loss of contracts, loss of profit or for any other consequential or indirect loss whatsoever.

PRODUCT LIABILITY

Mandatory product liability rules in force from time to time shall apply to disputes regarding product liability. Unless otherwise required by mandatory legislation, Muuto shall not be liable to the buyer for any damage or loss caused by the products, including but not limited to liability for loss of production, loss of use, loss of contracts, loss of profit or for any other consequential or indirect loss whatsoever.

The buyer must ensure that any products purchased from Muuto fulfill the legislative requirement, hereunder has the required certifications, in the region or country, where the product is to be used.

If buyer makes any alteration or modification to the product, Muuto shall not be liable to any damage to the product, other objects or property.

REMEDIES

With respect to products that are defective, Muuto may choose to refund the purchase price for such products, repair such products or replace such products, always provided that it is a condition for such refund, repair or replacement that the buyer has notified Muuto about the defect within reasonable time after the buyer discovered or ought to have discovered it, and provided that such notice is given within the warranty period in accordance with the instructions in the below paragraph "Filing Complaints". Thus, Muuto is not obligated to replace customized or discontinued products.
